GEMINI™ II SERIES

Double Diaphragm Pumps

Up to 38% More Fluid Delivery Per Stroke

Longer equipment life and lower maintenance costs

Short Stroke Pump Specifically Designed for Spraying Applications

Pulsation reduction is greater than competition

Customized Pump Packages

Design a pump package for a specific application

Pump Outfits with Trophy Guns

Trophy guns available with a new lightweight and ergonomic design

5-Year Limited Product Warranty

The finishing industry's best warranty

Binks Gemini II Diaphragm Pumps are the premier pumps for spraying, transferring, or circulating a variety of coatings. The pump design provides consistent spray patterns for high quality finish applications. The Gemini II pumps are rugged and designed to provide longer pump life.

Applications

The Binks Gemini II Diaphragm Pumps are ideal for a variety of materials and viscosities. Gemini II pumps can be used in applications including Wood, General Metal Fabrication, and Adhesives.

 ${\it Carlisle FT.com}$

GEMINI II

Double Diaphragm Pumps

Binks new Gemini II Diaphragm Pump Series builds on the proven and successful product line for circulating, transferring and spraying a variety of coatings. On average, the new and improved units deliver more fluid per stroke than previous models, up to*:

33%
More
[½" pumps]

28% More [1 ½" pumps]

ADVANTAGES OF THE GEMINI II

Pumps Shear-Sensitive Materials

Low internal velocities and gentle pumping action does not shear coatings

Pumps High to Low Viscosity Materials

Seal-Less

No mechanical seals or packing to leak

Runs Dry Without Damage or Heat Build-up

No internal damage

Variable Flow and Pressure

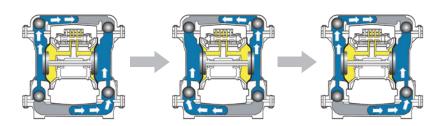

Regulate the inlet air supply to adjust the pump flow from zero to maximum rated capacity

Fully Groundable

CE and ATEX Certified

GEMINI II PUMPS FEATURE A DOUBLE DIAPHRAGM DESIGN,

PROVIDING A 1:1 FLUID RATIO TO COMPRESSED AIR SUPPLY.

*Average percent flow rate difference when compared to Binks Gemini I at 100 PSI air inlet

5 MODELS

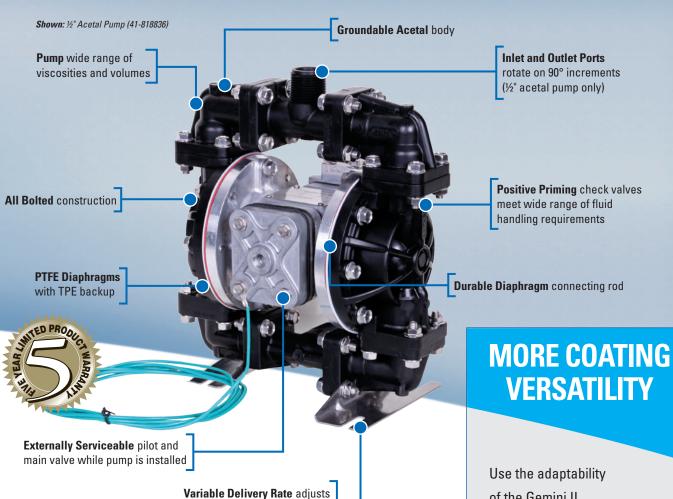

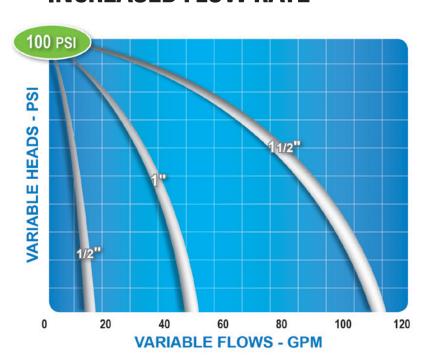

INCREASED FLOW RATE

air pressure from 0-100 PSI to

achieve desired flow rate

of the Gemini II pumps to fill many of your fluid handling requirements including:

- Adhesives
- Catalyzed Varnish
- Special Coatings
- Paints
- Resins
- Stains
- Solvents

LOW PULSE

New

Gemini[™] II **Short Stroke Pump**

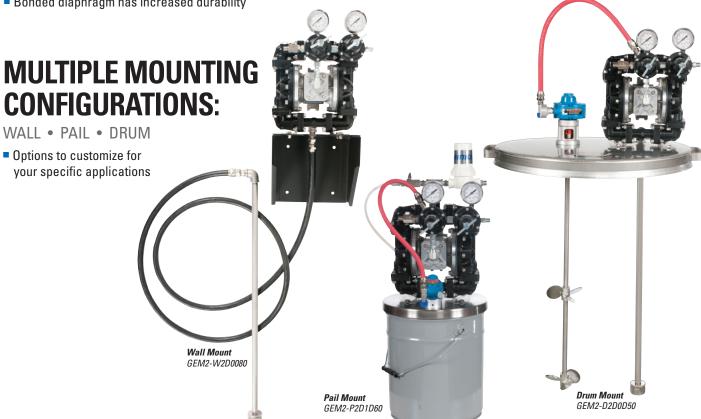

Binks has added a Low Pulse Double Diaphragm pump model to the Gemini II series. The new Short Stroke pump has an optimized diaphragm design and reduction in stroke length to provide efficient pump changeover.

- Consistent spray pattern for high quality finish applications
- Pulsation reduction is greater than the competition and the Gemini I pump series

Bonded diaphragm has increased durability
